TIMBERWISE

Property Preservation Solutions

Property Preservation without going around the houses

Modern living can be a stressful business, especially when caring for your home. Maintaining your property can be time-consuming and stressful - Trust Timberwise to take some of the weight off your shoulders!

For over three decades Timberwise have been at the forefront of building preservation technology from Dampness to Woodworm, and are recognised as number one for providing value for money whilst offering a high quality service.

As part of the new Home Inspection Pack scheme, Timberwise can provide you with a full property maintenance check giving you the peace of mind that your new home has no hidden surprises. The Home Inspection Pack is designed especially for home buyers to ensure they are better informed about the property they are purchasing, and is expected to be a necessary requirement by 2007.

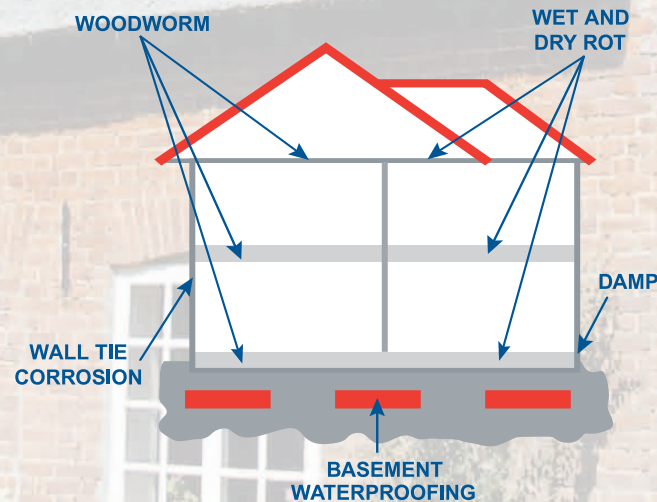

Preservation Solutions

Timberwise can offer solutions to the following problems to make your life easier:

- Basement Conversions
- Structural Repairs
- Rising Damp
- Damaged Timbers
- Woodworm Infestations
- Wet and Dry Rot Problems

Over the decades Timberwise have treated in excess of 200,000 properties throughout the UK.

With Timberwise you can be safe in the knowledge that your property is cared for by the preservation experts.

Our Surveyors

Timberwise have a team of fully trained and experienced surveyors across the UK who have a range of preservation solutions at their disposal to solve your property care issues.

The level of competence and performance of surveyors is of particular importance to Timberwise and all our surveyors are trained to the highest industry standards and hold the recognised qualification of CSRT - Certified Surveyor in Remedial Treatment - so you can be assured that your problem will be diagnosed correctly and the right solution identified for your property.
